71st Independence Day

15th August, 2017

Academy of Maritime Education and Training (AMET) celebrated the nation's 71st Independence Day and remembered with gratitude the sacrifice of the freedom fighter.

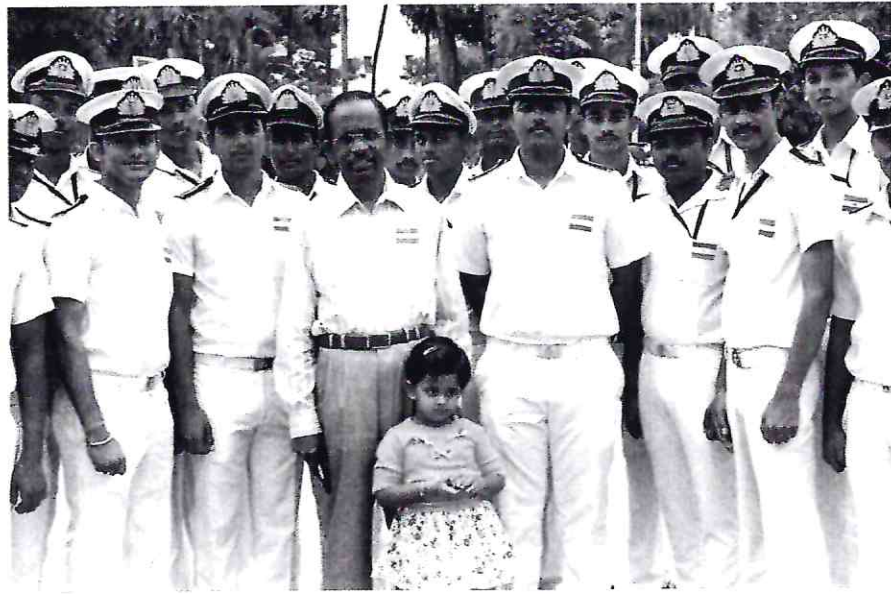

The celebration began in the Academy with guard of honour ceremony followed by unfurling of the National flag with a speech by the Vice Chancellor Col.Dr.G.Thiruvassagam with patriotic zeal and fervour.

-CADETS LISTENING THE SPEECH

-Vice Chancellor Saluting the National Flag

With
Cadets.

Experience at AMET

From childhood onwards my ambition is to join a profession where there is so much of adventure and fun. And when the time came to choose my carrier on my own I said to my mother that I want to join Navy. Firstly my mother refused and now she is the one who is giving me all the support.

From 12th I was searching for a college and one day my sister said about Academy of Maritime Education and Training (AMET) . Finally I decided to join AMET and I was so excited. When I came here including me there was only 3 girls from that itself I could understand that we will be having a tough time.

The training given here is amazing and they are treating us as we are on board especially girl cadets. As we are girls we are having so many difficulties but after joining here I'm sure that on board I can face everything.

My first year was quite interesting I have learned so many things and all the faculties here are so good according to me we can clarify every doubt that we are having to them.

Here an awesome simulator lab is there ,the first time when I entered the lab it was a good experience, it was like I was standing on a real ship almost all the weather conditions I have experienced there.

After meeting our seniors I learned so many good things from them like to respect our seniors, in AMET there is a library and it have everything that we need from course book to story book then if something is not there then a digital library is available from that we can search every information that we require. And every week we are having swimming classes that no maritime college is giving.

All the facilities given by Amet is really good and useful. After coming here I have learned a lot and I'll keep on learning more things.

The decision that I have taken to join here is the best decision taken by me ever.

CONFIDENT TALK AND A CONFIDENT WALK

SO MANY TIMES OUR OUTWARD APPEARANCE SHOWS THE WAY WE'RE FEELING INSIDE. BUT IT CAN ALSO WORK THE OTHER WAY!

WHEN WE LOOK CONFIDENT ON THE OUTSIDE, WE CAN FEEL MORE CONFIDENT ON THE INSIDE. WHEN YOU WALK, STAND UPRIGHT. DON'T SLUMP YOUR SHOULDERS AND HANG YOUR HEAD DOWN. YOU ARE FULL OF THE LIFE OF GOD. SO ACT LIKE IT, LIVE WITH PASSION, ZEAL AND ENTHUSIASM. DON'T JUST TRY TO "MAKE IT" THROUGH THE DAY. CELEBRATE THE DAY. SAY, "THIS IS THE DAY THE LORD HAS MADE, I WILL REJOICE AND BE GLAD IN IT.

" DON'T DREAD THE DAY, ATTACK THE DAY, KNOW WHAT YOU WANT TO ACCOMPLISH TODAY AND GO FOR IT. THE POWER OF LIFE AND DEATH IS IN THE TONGUE AND WE OFTEN HAVE TO EAT OUR WORDS. IF WE REALLY UNDERSTOOD THE POWER THAT IS IN WORDS, I THINK WE WOULD CHANGE THE WAY WE TALK.

AMET MISSION GREEN:

REGREEN CHENNAI PROJECT

A Tree plantation Drive

organize by Dept of Marine Biotechnology, ECO Club & NSS in association with Regreen Chennai

**LET'S
REGREEN
CHENNAI**

In support of THE REGREEN CHENNAI movement for reviving green cover of the city , AMET Contributed by planting trees in the campus area.

THE REGREEN CHENNAI is systematically planned initiative to strengthen and escalate the ongoing many efforts to enhance the green cover of Chennai, specifically in the background of green cover loss caused by cyclone Vardah.
