Student's Feed Back

Summary:

From the feedback received from students it is clearly understood that the students are well satisfied with the curriculum especially with the syllabus and its coverage in depth. It is also noted that they are not sure about some of these points: The courses and units are properly sequenced, Class Room Interaction

with students is promoted, Student ideas are considered and addressed, prescribed text books & reference books are adequate and appropriate, AMET library is enriched with adequate facilities, Opportunities available for doing extension activity and community service.

Findings:

1. Students' involvement in national and state level competition to enhance their skills is to be made mandatory.
2. Classroom interaction with the students has to be enhanced.
3. Student's data shows that syllabus coverage by the faculties is up to the mark.

Action Plan:

Request to Board of Studies to be made to consider above summary points and findings as the one of the agenda points during the meeting and provide valuable inputs.

Action Taken Report

1. Classroom interaction of students will be enhanced by giving students seminar and Group discussion in relevant subjects.
2. Helping students to participate and present a technical article in conference, symposium, seminar and other related events starting with such events conducted by university.
3. Library facilities are constantly upgraded to support students in e-learning. Subscriptions to ProQuest, IEEE, EBSCO, and ASME, J-GATE and DELNET E-Journal and E-Books online databases are bought by the university specifically in this academic year. The database consists of full text e-journals and E- books which are great support to the library in online mode separate user ID and passwords are created to the students are usage are being tracked.
