AICTE/Quality Initiatives/Gen

02 Dec 2021

Dear Sirs / Ma'am,

AICTE, a statutory Body of Government of India is executing its mandate as a true facilitator for its stakeholders. The journey of AICTE since its inception can be decoded. Several proactive measures for the planned and qualitative growth of technical education have been initiated as well as effectively implemented. The year 2020-2021 and the period till date has been a year of great transformation in the educational scenario. The Council has undertaken major activities during this year. NEP 2020,

2. AICTE is already focused towards the implementation activities as per NEP 2020 since long by means of various initiatives and activities such as preparation of 'Short & Medium Term' Perspective Plans for Engineering Education in India which focusses on the demand for courses on emerging technological areas. Establishment of an Innovation Cell in AICTE to support **new ideas of students**, conduct of Smart India **Hackathons**, (Singapore-India) Hackathon, organized at NIU Singapore, aimed at "Smart Campus". **Adoption of AICTE model curriculum, three-weeks Student Induction Program and examination reforms** amongst others.

3. The '**Teacher Training Policy**', '**Margdarshak**' scheme, **scholarships for students, incentives for teachers by means of honours and awards, AICTE's unique initiative on AICTE PARAKH towards assessment of students, 360 degree feedback policy, AICTE ATAL initiatives, NEAT and internship opportunities** are some of the many initiatives taken by AICTE.

4. The activities / initiatives taken by AICTE towards capacity building and improvement of quality in technical education requires sensitization and wider outreach. Towards this, multiple sensitization activities on the above mentioned and allied topics are being held by AICTE on regular basis. To enable dissemination of all the activities in a structured manner leading to the last stake holder benefitting, AICTE Calendar of activities has been prepared for the period 06 – 17 Dec 2021. **I take this opportunity to address all the faculty members and students to participate in maximum numbers in the activities / webinars mentioned in the enclosed AICTE calendar.**

5. AICTE is receptive to the technological changes happening across the global scenario and believes in framing new policies & initiatives and augment the existing ones by scheduling workshops, conferences etc. providing a platform of discussion and inputs from stakeholders. It has been and shall always be the endeavour of AICTE to bring the best educational system for its students and be the epitome of developing bright, noble and humble brains in light of the NEP 2020.

02-12-21

Dr. Amit Dutta
Deputy Director
