

Dr.T.Sasilatha

Principal

Dr. T. Sasilatha is a highly experienced individual in the field of teaching, research, and administration with a remarkable career spanning 28 years. She received her B.E degree from Manonmaniam Sundaranar University and her ME and Ph.D. degrees from Anna University, Chennai. CMI Level 5 Certificate in Management and Leadership from the UK is a testament to her exceptional leadership qualities.

Throughout her career, Dr. T. Sasilatha has authored over 150 articles in refereed international journals and conferences and has been the Principal Investigator for several research projects worth 125 Lakhs sponsored by esteemed organizations such as the DST, AICTE and TNSCST. Her contributions to research have resulted in the publication of nine patents, one of which has been awarded.

Dr. T. Sasilatha was elevated to the position of Dean Academics and International relations as evidenced by her unique working style and her contributions to the development of various new initiatives within the institution. She has created platforms for academicians and scientists to share their ideas and represented the institution at several international forums providing wider visibility to students, researchers, and teaching faculty worldwide. She is an Assessor of National Assessment and Accreditation Council (NAAC) and being NBA chief coordinator at university level secured accreditation for both UG and PG programmes.

She took the initiative to organize more than 20 international conferences in various fields of engineering and technology across India collaborating with renowned universities and organizations worldwide. Under her leadership, she established a Centre of Excellence with industrial partners and formed partnerships with foreign universities such as the Edge Hill University, United Kingdom, University of Portsmouth, United Kingdom, University of Strathclyde, Scotland, James Cook University, Australia (Singapore Campus), INTI International University, Malaysia, Business College of Athens, Greece, Greek Institute of Maritime Education, Greece, and King Mongkut's University of Technology Thailand, by signing Memorandum of Understanding.

Dr. T. Sasilatha's commitment to sustainability is exemplified by the deployment of a 30KW power plant and the installation of solar still within the university premises which provides promising societal applications supporting the university.

Dr. T. Sasilatha had served as a faculty member and was elevated to various academic positions in engineering colleges. She is a member of the IEEE professional society, a Life member of the Indian Society for Technical Education (ISTE) and IAENG. She has guided seven Ph.D. scholars and is currently guiding seven research scholars in the areas of VLSI Design, Artificial Intelligence, Signal Processing, and Wireless Sensor Networks. She was awarded a certificate of appreciation by the International Association of Maritime Universities (IAMU) in 2022.
