“One of the best times that I’ve had – from every single perspective - academics, professors, pleasing ambiance to learn, friends - the entire experience..

The professors are dedicated and supportive. The amalgam of classroom, extracurricular, cultural, conferences and social activities are very helpful to mould students as unique individuals..

There are limitless extracurricular activities which provide a platform to showcase students' talents beyond academics..

Every possible care has been taken while designing the infrastructure of the college - classrooms, Petroleum labs and well-stocked library..

Through the Student Chapter of Society of Petroleum Engineers (SPE), guest lectures by industrial experts, Seminars, workshops and Conferences were organized in a well manner. I am blissful for being the part of International Conferences (ADIPEC & IPTC) which held in the year 2014 on behalf of SPE AMET Student chapter.

AMET has laid a base for my career. I am thankful for being a part of AMET.

Time flew by, but the memories and lessons learnt will be treasured for a lifetime...”
