ABOUT THE UNIVERSITY :

AMET is India's first Deemed to be University in Maritime Education which is ranked as 3rd among Maritime Universities of the World in the PIMET (Performance Indicators in Maritime Education and Training) Ranking of International Association of Maritime Universities (IAMU). Established during 1993, AMET's uncompromising strides of excellence in the field of maritime education and training laced with its capacity to feed the global shipping industry with an unrivalled maritime human Resource secured it to have many national and international recognitions, accreditations and rankings such as NAAC, NIRF, ARIIA, DGS-CIP, PIMET etc.

VISION AND MISSION OF THE UNIVERSITY

VISION

To sustain identity as a World Class Leader in Maritime Education and empower learners with wholesome knowledge through progressive innovation in training, research and development which will render students a unique learning experience and a transformation impact on the Global Society.

MISSION

AMET will strive continuously to:

- ⦿ Impart value-based higher education and technical knowledge with uncompromising strides of an outstanding quality.
- ⦿ Emerge as a Centre of Excellence inculcating skill development in recent technologies in accordance with industrial trends.
- ⦿ Create World class research capabilities on par with the finest in the world and broaden student's horizons beyond classroom education.
- ⦿ Nurture talent and entrepreneurship and enable all round personality development in students.
- ⦿ Empower students from across socio economic strata.
- ⦿ Make a positive difference to society through technical education.

ABOUT THE DEPARTMENT :

The Department of Marine Engineering, was established in the year 2001 with the aim to educate and impart skills required to operate and manage machineries in modern ships of merchant marine fleet. For the able young officer, the system provides a smooth and rapid path of career development. After having obtained their Class I Certificate and experience as a senior officer on board, they seek employment ashore. Shore based employers generally have high regard for the seafaring engineer and consequently the transfer from shipboard to land based employment is usually easily achieved.

ABOUT THE EVENT :

The Department of Marine Engineering is hosting “TALENTIA -21” -a cultural platform for its students to identify themselves and pave way for the holistic development of their personality providing a break from the monotonous routine of academics thereby improving their social skills. Various events like short film, face painting, solo dance etc are being conducted. Eminent judges judge the events and prizes are distributed to the winners as a token of appreciation. A special musical extravaganza by a young artist Sudhanshu Raj Khare is also organized to promote craftsmanship.
