### About AMET

AMET Deemed to be University was established in 1993. It is the university for its annotation and uniqueness by being the first private maritime university established in India (Under Sec 3 of UGC Act, 1956). AMET offering academic research, handy training in maritime education as well as offering consultancy services to maritime sector for a decade. AMET contributes much to produce human resources to the shipping industry in India and abroad. International ships proudly engage the cadets of AMET in variable designations including chief engineers and captains. Further AMET proudly holds the prestigious award of “A1 outstanding grade” conferred by the directorate general of shipping, Ministry of Shipping, Government of India.

AMET serves as an ocean of knowledge for over 3000 students pursuing programmes ranging from diploma to Doctoral programs through 4 schools and 2 intensive research and training centers for marine and marine related activities.

### About Department

The Department of Food Processing Technology at AMET is one of the well growing departments with support of University. The main objective of the department is to create trained and skilled human resources to cater to the needs of the rapidly growing food processing sector. The department was started at 2016 and enlightening the students on skillful and the oretical knowledge in the field of Food products and developments, food hygienic standards and marketing strategies. To promote research and development in the field of products and process development, quality and assurance of hygiene and safety practices for product and process.

### About the event

FAO celebrates World Food Day each year on 16 October to commemorate the founding of the Organization in 1945. Events are organized in over 150 countries across the world, making it one of the most celebrated days of the UN calendar. These events promote worldwide awareness and action for those who suffer from hunger and for the need to ensure food security and nutritious diets for all. World Food Day is a chance to show our commitment to Sustainable Development Goal (SDG) 2 to achieve **#ZeroHunger** by 2030. (ref: FAO). Students of AMET are stepping towards by holding the concept of FAO on zero hunger

### EVENTS AND DESCRIPTION POSTER PRESENTATION:

“Right place to share your thoughts and research”

The students and research scholars are invited to present their recent study and activity related to field of food science & technology and food engineering. The topics may include Innovation in Food Technology, New Product/Process Development, extension of the shelf life, recent trends viz HPP, PEF, Cold plasma, Hurdle technology, Ohmic heating, Smart foods, nutraceutical and Functional foods, Food packaging Thermopacks, smart and active packaging, and other related aspects of food technology

### FOOD EXHIBITION:

“Today's creativity is the Tomorrow's technology”

An exhibition for exploiting the creativity and knowledge over field of food technology been arranged. Visual presentation/Exhibit of new innovative food products has been scheduled on symposium and the participants are requested to prepare the foods to be displayed, earlier in your residence and shall be displayed at the arranged area of University. Exhibitors will be requested to describe the product to the judges and final result will be purely based on decision of judges.

### FOOD QUIZ:

“Get set to sharp the mind to dice the quiz”

Students and research scholars can participate. Participation should be in mode of team and each team should contain participant of two (preferred from same college). Level I and level II will be conducted. Sorting of team will be done on level I. The quiz will be purely based on food science, food technology and food engineering.

### FOOD ORATORICAL:

“Your silence would not protect you”

A Stage to break the silence, with words and thoughts. Oratorical program has been scheduled and participants has to register prior for Food Oratorical. For each registered candidates, 10 minutes will be provided for preparation and she/he has to present on the topic selected from the lot (on spot) and 5 minutes will be provided for presentation.
