

**TWO DAYS WORKSHOP  
ON  
ETHICAL HACKING AND  
CYBER SECURITY**

**on  
22.02.2019 & 23.02.2019**

Organized by  
**DEPARTMENT OF ELECTRICAL AND  
ELECTRONICS ENGINEERING**

**Registration Form**

Name :  
Age :  
Gender :  
Qualification :  
Designation :  
Organization :

Address for Communication:

Mobile No. :

E-mail ID:

Whether Needed Accommodation: YES/NO

Place:

Date:

Signature  
with Seal

**ORGANIZING COMMITTEE**

**Patrons:**

Col.Dr.G.Thiruvassagam, Vice Chancellor  
Dr. P. Saravanan, Registrar  
Mrs.V. Sangeetha Albin, Director-Admin

**Convener:**

Dr.T.Sasilatha,  
Professor and Dean, Dept of EEE & Dean Academic

**Program Coordinators:**

Dr. V. Karthikeyan, Professor / EEE  
Ms. G. Jegadeeswari, Asst. Prof. / EEE  
9080552299/7094898646/eee.amet@gmail.com

## ABOUT THE UNIVERSITY

AMET University has got a unique distinction of being the first maritime university established in India and offering academic, research, training in maritime education as well as offering consultancy service to maritime sector for the past seven years contributing much to produce human resources to the shipping industry in India and aboard. Invariably at least five students cadets of AMET proudly occupy exalted positions like chief engineers, captains and other key posts in every ship sailing in the international waters. Further AMET proudly holds the prestigious award of "A1 outstanding grade" conferred by the directorate general of shipping, Ministry of shipping, Government of India.

## ABOUT THE DEPARTMENT

Department of Electrical and Electronics Engineering is established in the year 2008 with the objective of imparting quality education of international standards and to produce highly innovative Electrical and Electronics Engineers capable of solving global maritime challenges. The Department offers 4 years U.G program in EEE and 2 years PG program in Power Systems and Doctoral programs in core areas as well as interdisciplinary domains.

The department houses state-of-the-art laboratories, smart class rooms and well stacked library to impart teaching and research. The department is committed to community development and conducts regular extension activities to benefit the local and needy villagers around the university. The department is proud of its legacy of Alumni who occupies key positions in world class Maritime/Non-Maritime sectors

## ABOUT WORKSHOP

To promote innovation and to provide new ideas to the faculty members, the Department of Electrical and Electronics Engineering planned to organize two days workshop on "Ethical Hacking and Cyber Security" on 22<sup>nd</sup> and 23<sup>rd</sup> February 2019.

## COURSE CONTENT

| Day 1: 22.02.2019                               |                                  |
|---|----------------------------------|
| <b>Introduction to Ethical Hacking</b>          | <b>Computer Security- Basics</b> |
| Hacking Vs Ethical Hacking                      | Introduction to operating system |
| Who is hacker and types of hacker               | File Securing Techniques         |
| Common Keywords                                 |                                  |
| <b>Network Security</b>                         | <b>Email Security</b>            |
| IANA and allotments of IP address               | Various Protocol of Email        |
| IPV4 and IPV6                                   | Hacking Mailing Client           |
| Ping and Ping Sweep                             | Email Spoofing                   |
| Trace routing                                   | Domain and IP Blacklisting       |
| Nmap- Common Command                            | Countermeasures                  |
| <b>Domain Name and DNS</b>                      | <b>Malware</b>                   |
| Types of Domain                                 | Trojan                           |
| ICANN and top level Domains                     | Keyloggers                       |
| Domain Name Registration Process                | Virus & Worms Concepts           |
| Who is info                                     | Bat File Scripting               |
|   | Counter measures                 |
| <b>Password Cracking and Prevention</b>         |                                  |
| Complexity of password                          |                                  |
| Password cracking Techniques                    |                                  |
| Cracking web based passwords                    |                                  |
| Kali Linux tools introduction                   |                                  |
| Facebook & other accounts cracking & prevention |                                  |
| Countermeasures                                 |                                  |

| Day 2: 23.02.2019             |                        |
|-------------------------------|------------------------|
| <b>Mobile Phone Hacking</b>   | <b>Website Hacking</b> |
| Introduction                  | Google Dorks           |
| Mobile Malware                | Sql Injections Basics  |
| WhatsApp hacking & prevention | Finding Admin panel    |
| Countermeasures               |                        |

|                                 |                                |
|---------------------------------|--------------------------------|
| <b>Foot- Printing</b>           | <b>Port Scanning</b>           |
| Types of Foot Printing          | Types of port                  |
| Methods & Techniques            | Virtual port numbers           |
| Finding IP & OS                 | Detecting open ports           |
| Tools                           | Anti-port scanning methods     |
|                                 | Countermeasures                |
| <b>Cyber law and Consulting</b> | <b>Other types of Attack</b>   |
| Introduction                    | DoS and DDoS Attack concepts   |
| Cyber law and cyber space       | Social Engineering attack      |
| IT Act, 2000 and Amendments     | Steganography and Steganalysis |
| Types of crimes                 |                                |
| CERT-In and DOT                 |                                |
| Central Acts & state Acts       |                                |

## Objectives of the Workshop :

The Main objective of this workshop is:

- To give an insight of the Ethical Hacking and how to protect our system against hazardous effects.
- To identify and analyse the stages, an ethical hacker requires to take in order to compromise a target system.
- To identify the latest tools and methods being used by cyber criminals & terrorists and how ethical Hackers can fight them

## Registration Fee

**Students : 500/-**

**Faculty / Research Scholar : 600/-**

## Important dates:

Last Date for receipt of applications: 19.02.2019

Confirmation of Participants: 21.02.2019

## Resource Person:

Equinox Pristine Info Solutions, Mumbai, 400059

## Eligibility

- Any person with basic knowledge on computer and interest towards Information Security / Cyber Security Domain can participate in this workshop.
- College teaching staff & students of any branch is eligible for this workshop
