WORKSHOP ON RECENT MODELLING SOFTWARE BY CADD CENTRE

A part of Participants of the session

To improve the soft skills of the students Career Development centre of AMET had signed an MoU with CADD CENTRE to conduct job oriented Courses to the students which would enhance the employability of the students. They conducted orientation program to all the department students and collected feedback in the month of August and the following course orientation class was conducted by CADD CENTRE in September. The following courses were conducted by CADD CENTRE in our University. The feedback forms from the students were collected.

Sl.No	Course Name	Purpose
1.	AutoCAD	Drafting Software
2.	CREO +GD & T	Product Modelling Software
3.	CATIA + GD & T	Product Design Software
4.	ANSYS	Product Analysis Software

Department of Naval Architecture & Offshore Engineering (NA& OE)

Career Counselling Activities (2018-2019)

The Department has given emphasis on imparting technical knowledge to the students and has focused on continuous improvements in the field of placements of the students in Shipbuilding Industry. The students are groomed upon their personality through placement training, group discussions, written tests and mock interviews. The grooming session is conducted by the Director of the Department of NA&OE and the placement coordinator of the department to ensure maximum students get the advantage of it. The mock interviews were found to be more helpful in creating an actual situation like an interview in the company to identify strength areas within a student.

The Department focuses in giving exposure to the students by calling representatives of Industry and organized seminars on technical topics and related to Placement training.

In the present year the Department organized the following programmes benefitting the students for learning the industry trends.

Name of lecturer: Mr P Elangovan, Entrepreneur, FRP boat building, Chennai **Topic:** FRP Boat building methods (01/08/2019).
