**ADDITIONAL INFORMATION**

***7.1.8. Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and such other diversities***

Academy of Maritime Education and Training always thrives in bringing the hidden skills and talents from students, where we never fail in providing an inclusive environment by various possible modes to the students. Since we have very diversified strength of students whose split is spread all over the country and around the globe. Hence, we always try to keep up the regional trends, which are followed in the state to the nationally celebrated festivals, and neighbourhood states festivals too. Not only giving importance to local and regional festivals AMET also provides a platform for exhibiting various linguistic culture because of its diversified culture and various social awareness and social welfare events to bring out the social responsibility among students and peace along with the other diversities for the well-being and unity of the student community.

Here in the campus we have a very wide student with various diversities which in turn helps them to understand about each other's and know about the friends culture and values from their neighbours who are from around the world. The students are also educated to follow various traditions and the awareness about the public health. Here in AMET, we provide a strong background for the students to involve in various sports and games upon the interest and talent of their own where they could represent the university name in the outside tournaments for bringing laurels to the university. With ample encouragement and support our students have represented the university in various maritime meet followed with many state, national and Asian level representations making the flag of AMET fly high in the continent.

Not only proving themselves in sports and games we also provide the students a strong base for enriching them to exhibit their special talents in various types of cultural activities for which the AMET Cultural Club supports with a very strong platform for the students to organize various types of cultural events in the campus according to the diversified culture of the students and

**AMET**  
**(ACADEMY OF MARITIME EDUCATION AND TRAINING)**  
(A de novo Category DEEMED TO BE UNIVERSITY Under Section 3 of UGC Act 1956)

also making them to participate in the various cultural events like inter and intra university cultural meet followed with regional, state and national level representations and hence winning awards for cultural representations by exhibiting the hidden talents. We also have a AMET Band which have proved themselves in various parade and muster during important gatherings of the university.

Along with these kind of activities AMET also provides a platform for the students and staff to get their involvement towards the society by organizing various awareness programme like the save sparrow, petroleum conservation, E- waste awareness camp, swatch bharath campaign along with which various awareness creation programme like run for unity, world water day etc., to bring the basic act of helping the society. AMET being located in the coastal line and basically a maritime university we organize mega coastal clean-up program in order to make our beaches a eco-friendly one and helping out the beach life cycle like the turtle hatching and small species life a happier and healthier one for sustainability. During the oil spill, which happened near ennore port from a ship our students, went to clear up the oil spill from the sea and the shore for cleaning the environment.

S.No.	Name of the activity	Theme	Year of the activity	Number of students participated in such activities
1	Electrical Safety Awareness Camp	Social Awareness	2015	16
2	Awareness for local fishing folks in latest technologies on weather updates and potential fishing zone	Public Welfare	2015	50
